YOUR GUIDE TO  
ENHANCING YOUR LOOK  
WITH FACIAL FILLERS

JUVÉDERM®

## ENHANCE YOUR FEATURES . . .

Having that 'wow' factor is important to you. Every day you take time to look good and project the best version of yourself to the world. With the help of JUVÉDERM®, the world's leading brand of hyaluronic acid facial fillers\*, you can enhance specific facial features to get the look you desire.

The JUVÉDERM® range can:

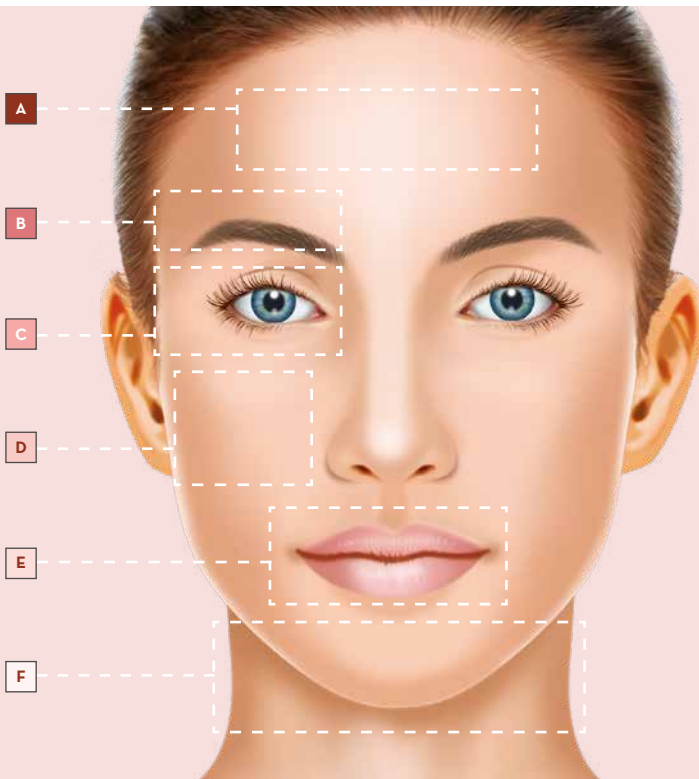

- Contour **cheeks** for more definition.
- Refresh your **eye area**.
- Define your **chin** and **jawline**.
- Add volume to **lips**.
- Maintain a **natural look** and a **natural feel**.

**A S K** / your practitioner if JUVÉDERM® is right for you

## ... WITH JUVÉDERM®

Our facial fillers are designed to help:

- A** Contour your forehead.
- B** Lift and project your eyebrows.
- C** Refresh your eye area.
- D** Lift and project your cheeks for a more defined look.
- E** Add volume to your lips and can help form the ideal lip structure.
- F** Shape your chin and jawline.

JUVÉDERM®

## WHAT IS JUVÉDERM®?

JUVÉDERM® facial fillers are hyaluronic acid injectable treatments that can shape and contour specific facial features - with results that can last up to approximately 9-24 months, depending on the product and treatment chosen.

JUVÉDERM® adds volume to specific areas of the face - enhancing the curve of the cheekbones, lifting the cheeks and giving definition to the lips.

JUVÉDERM® facial fillers include lidocaine which can help reduce discomfort during the procedure. There is a range of formulations designed to treat different areas of the face, and **visible results can be seen shortly after treatment.**

### **A natural look and feel with JUVÉDERM®.**

Our patented technology allows JUVÉDERM® facial fillers to blend with the tissue under the skin to keep you looking like yourself, whether you're smiling, laughing or frowning.

During your consultation, your practitioner will look at your face whilst it's still (static) and moving (dynamic) to make sure they're able to give you a natural-looking result, whatever emotion you're feeling.

# YOUR PERSONAL TREATMENT PLAN

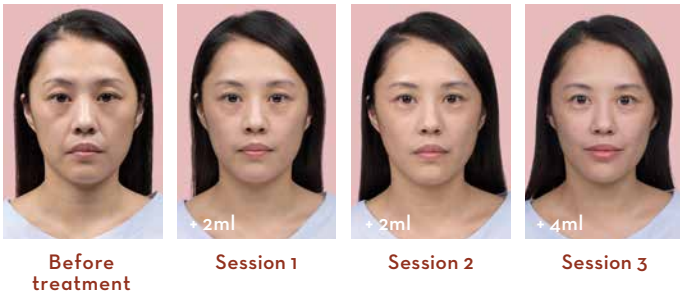

Although there may be 1 specific area of your face that you're looking to enhance, the 3 classic tenets of beauty (symmetry, balance and harmony) are all influenced by how well your features work in combination. That's why many women benefit from a more holistic approach to treatment.

### The right product combination.

JUVÉDERM® has a range of formulations designed to treat different areas of the face, depending on the results you'd like to achieve. Your practitioner will work with you to identify the right products, and tell you more about how they can be used to enhance your features, contour your face and add fullness to lips.

### The right dosage.

A personal treatment plan will be devised, based on your individual goals, and you will be advised on the amount of products required to achieve the best results. The images below show a patient being treated with increasing quantities of JUVÉDERM® during different sessions on the same day. The optimal quantity of product will be defined by your practitioner.

**A S K** / your practitioner about a no-obligation consultation.
