YOUR GUIDE TO
REFRESHING YOUR LOOK
WITH FACIAL FILLERS

JUVÉDERM®

REVITALISE AND REFRESH YOUR LOOK...

When you love life and you feel great, you want it to show. Yet, over time your face may start to display those small signs of ageing that can leave you looking tired or sad, and less like the real you. With the help of JUVÉDERM®, the world's leading brand of hyaluronic acid facial fillers,* you can revitalise and refresh your look.

The JUVÉDERM® range can:

- Smooth out **lines** and **wrinkles**.
- Replace lost **volume**.
- Restore **elasticity** and **tone**.
- Create a **natural look** and **natural feel**.

ASK / your practitioner if JUVÉDERM® is right for you

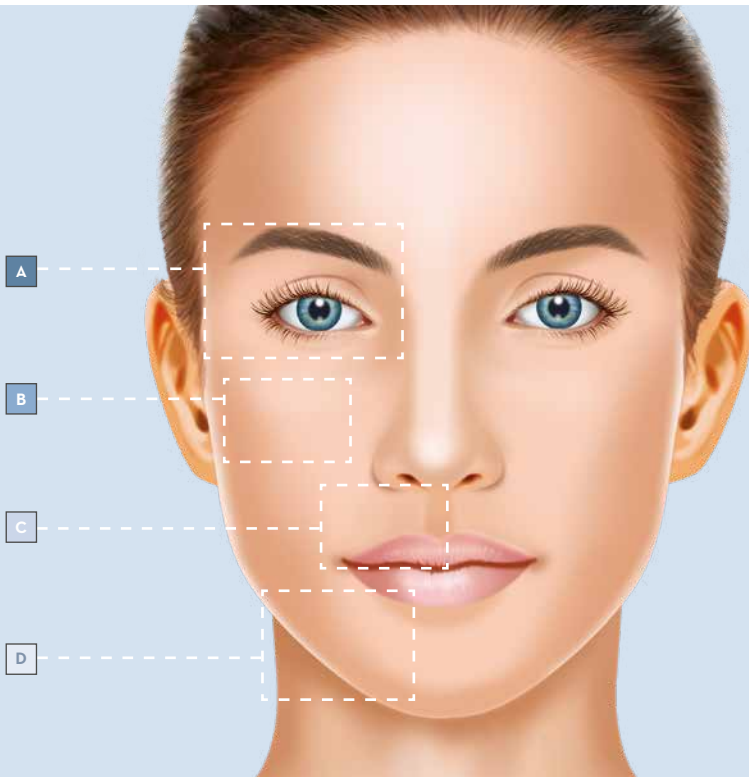

*The no.1 hyaluronic acid brand according to market share in the majority of markets where data is available (2016).

JUVÉDERM®

... WITH JUVÉDERM®

Our facial fillers are designed to help:

- A** Soften the lines around your eyes. Lift and project your eyebrows and improve your under-eye area. Add volume to your temple.
- B** Add fullness to your cheeks. Lift and project for a more defined look.
- C** Soften any smile and marionette lines. Add volume and definition to your lips.
- D** Contour your chin and jawline.

JUVÉDERM®

WHAT IS JUVÉDERM®?

JUVÉDERM® facial fillers are hyaluronic acid injectable treatments that replace lost volume, fill lines and wrinkles and restore moisture content - with results that can last up to approximately 9-24 months, depending on the product and treatment chosen.

Hyaluronic acid is a naturally occurring sugar found in the body. The hyaluronic acid in JUVÉDERM® combines with the water in your skin to gently restore elasticity and tone.

JUVÉDERM® facial fillers include lidocaine which can help reduce discomfort during the procedure. There is a range of formulations designed to treat different areas of the face, and **visible results can be seen shortly after treatment.**

A natural look and feel with JUVÉDERM®.

Our patented technology allows JUVÉDERM® facial fillers to blend with the tissue under the skin to keep you looking like yourself, whether you're smiling, laughing or frowning.

During your consultation, your practitioner will look at your face whilst it's still (static) and moving (dynamic) to make sure they're able to give you a natural-looking result, whatever emotion you're feeling.

YOUR PERSONAL TREATMENT PLAN

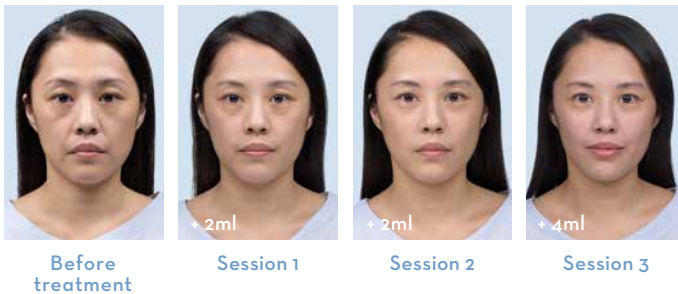

Although there may be 1 specific area of your face that you're looking to refresh, many women benefit from treating multiple areas in combination to achieve their desired look. This more holistic approach can optimise results.

The right product combination.

JUVÉDERM® has a range of formulations designed to treat different areas of the face, depending on the results you'd like to achieve. Your practitioner will work with you to identify the right products, and tell you more about how they can refresh your features through filling lines, folds and wrinkles, and restoring lost fullness.

The right dosage.

A personal treatment plan will be devised, based on your individual goals, and you will be advised on the amount of products required to achieve the best results. The images below show a patient being treated with increasing quantities of JUVÉDERM® during different sessions on the same day. The optimal quantity of product will be defined by your practitioner.

ASK / your practitioner about a no-obligation consultation.
